directory***

The Wivenhoe Trade Directory

We hope you will support the Wivenhoe-based businesses listed in this directory and will look to use them in preference to businesses based outside Wivenhoe, thereby maintaining a healthy local economy. In other words, Try Wivenhoe First. This directory has been compiled and distributed by Wivenhoe Town Council. Its cost has been funded from a grant won by the Town Council from the Essex County Council Essex Challenge Fund. Wivenhoe Town Council has produced this directory for your information but it is not a personal recommendation of the services included.

The businesses listed begin on the opposite page and are listed alphabetically by subject. On this page are other items of information which you might find useful.
